

TABLE TENNIS SCHOOL TEACHERS COURSE 2009

**ORGANIZED BY
FIJI TABLE TENNIS ASSOCIATION**

25 JULY 2009

BULA EVERYONE

We would like to inform you that the Fiji Table Tennis Association will be holding a **Table Tennis Course for School Teachers on 13th Thu & 14th Fri in August 2009.**

The objective is to introduce this sport to all young students using interested school teachers/parents with the supervision of Fiji Table Tennis or District Association if there is one.

The 6 hours course show you how to organize/conduct the table tennis classes at school, what is involved in basic coaching including table tennis rules, equipments, requirements, basic skills, fun activities and how to make students learn new skills. This will also assist teachers/parents to transfer this knowledge of “training” in their other day to day activities involving their own children and other areas where they are involved with young kids.

The other objective of this course is to promote the universal table tennis goal of breaking down barriers due to poverty, injustice and drugs by getting children and adults and families involved with a family sport like table tennis where people of all ages, denominations, sizes can be involved and distract them from other negative social problems. Also as a minor sport table tennis does provide excellent opportunities for young players and teachers/parents alike as we will be able to demonstrate with some of our existing young players, administrators and development officers.

These classes will be conduct by **Mr. Scott Huston (Development Officer of Oceania Table Tennis Federation)** from Australia and FTTA personnel for 2days in the afternoons (3hours per day). On completion you will receive a School Teacher Certificate in table tennis and you will be shown a pathway to obtain Club Coach and ITTF Level 1 Coaching certificate.

For your information that will also organize **the IPTTC (International Paralympics Table Tennis Committee) Level 1 Coaching Course 15th Sat & 16th Sun (6 hours per day) in August.** The course will introduce and explain about coaching for disabled table tennis players. We will also be inviting school teacher from the special schools of this course and would like to invite you teachers as well. This will not only promote table tennis for the disables but allow children with disabilities integrate into society. Many medical researches have also shown that table tennis also assist treatment of certain disabilities.

We are looking forward to waiting for your participation. Please fill the form and contact us if you interested these courses. Depending on numbers we may have to restrict the number teachers/parents per school.

In addition that we will be holding a after school **JUNIOR PING PONG CLINIC on 18th Tue & 19th Wed in August 2009** between 3:30 to 5pm at the YMCA Hall, off Waimanu Road. Please inform this to your students who are between the ages of 8 to 16years if they interested in this sport. We would like to invite school children from different schools as there are already some students from different schools attending every week.

The course contents, dates, proposed venue and other details as well as a Course Participation forms are attached.

Kind Regards.

Anthony Ho /President the Fiji Table Tennis Association/ OTTF Vice President
